

DANSK OFFSHORE

The energy transition onshore starts offshore

As a member of Dansk Offshore you get:

Influence

Dansk Offshore works with decision-makers to establish the best possible regulatory framework and our members have influence on this process.

Network

Dansk Offshore creates networks across the industry and public authorities. Thereby, we help pave the way for the exchange of experience and ideas and create new ways of cooperation.

Knowledge

Dansk Offshore facilitates knowledge sharing to ensure that our members make the most of the knowledge already in the industry. Knowledge is valuable and forms the basis of securing both tradition and new trends.

DANSK OFFSHORE

Events and network:

As a member of Dansk Offshore, there is plenty of opportunities to create and maintain networks in the industry. Every year we have many events focusing on networking and the creation and sharing of knowledge across the industry.

Events, meetings, and opportunities for gaining influence on the industry and Dansk Offshore:

- Task Force Zero
- Offshore Summit
- Webinars
- Network meetings
- Lessons Learned
- Committees
- General assembly
- Annual Dinner

Climate and sustainability:

The world is facing a huge climate challenge and action is needed now. The Danish offshore industry can make a real difference for both Denmark as well as other countries.

Strong, sustainable, and well-integrated cooperation between all links in the value chain is a precondition for maintaining the activities in the North Sea, be it oil and gas production, CCS, or other new energy and climate technologies.

At Dansk Offshore, we strengthen the valuable cooperation by continuously briefing our members on the latest political and technological developments.

Member benefits:

Dansk Offshore brings the industry together, creates common guidelines, and political influence for the benefit of the industry.

Besides these advantages, members of Dansk Offshore have the following benefits:

Access to:

- Industry magazines/statistics
- Newsletters
- Annual publications
- Press releases
- Member site
- General assembly
- Member discounts
- Influence on hearings
- Influence on the agenda of the organization
