

Memberfee Sheet Dansk Offshore 2026

Danish Offshore is the industry organization for the entire value chain in the Danish offshore sector.

As a member of Danish Offshore, your company automatically becomes a member of either the License Council or the Supplier Council.

Supplier Council

Companies with a direct or indirect interest in the Danish oil and gas sector that do not hold a license to explore and extract oil and gas in the Danish subsurface become members of Danish Offshore's Supplier Council. This includes service providers and suppliers. The membership fee is determined based on the company's reported number of full-time equivalents (FTEs) who directly or indirectly work with oil, gas, or CO₂ storage. The fee collection is based on an annual statement

FTEs	Fee
< 5	6.100 kr.
5 – 10	12.400 kr.
11 – 25	18.500 kr.
26 – 50	30.900 kr.
51 – 100	62.000 kr.
101 – 250	92.900 kr.
> 250	124.500 kr.

Associated members

Organizations and associations can be admitted as associate members of Danish Offshore. Associate members do not have the full membership rights of full members, such as voting rights at the annual meeting. Terms are agreed upon individually.
